STRAIN TOO GREAT
Hundreds of Barre Readers Find Daily
Toll a Burden.
The hustle and worry of business men.
The hard work and stooping of work-
men.
The woman's household cares.
Are too great a strain on the kidneys.
Backache, headache, dizziness,
Kidney troubles, urinary troubles fol-
low.
A Barre citizen tells you how to cure
them all.
Isaac Gonyea of 23 Branch street,
Barre, Vt., says: "I have been bothered
more or less for years with an aching
back and sharp pains through the loins
when stooping. My work requires a
good deal of heavy lifting and as a rule
in a damp place which, of course, ag-
gravates my trouble. I learned of people
here in Barre who had been cured by
Doan's Kidney Pills, so I went to E. A.
Drown's drug store and got a box. They
did me a lot of good, and since I have
used them there has been no pain in
my back and I rest well nights. I am
glad to recommend Doan's Kidney Pills
as an excellent remedy for backache."

For sale by all dealers. Price 50
cents. Foster-McMillan Co., Buffalo, New
York, sole agents for the United States.
Remember the name—Doan's—and take
no other.

RUSSIAN SOCIETY WOMAN
SWINDLER FLEES TRIAL
Olga Stein Defrauded Countrymen Out
of Great Sums of Money.
St. Petersburg, Dec. 18.—A sensation
has been caused here by the flight of
Olga Stein, a Russian woman, who has
successfully conducted a series of swin-
dles on a large scale. She was being
tried on charges of fraud and swindling,
and jumped her bail Monday night when
she saw the trial was going against her.
She was charged specifically with hav-
ing defrauded certain persons of \$300,
000, and her operations extended over a
long period.
Mrs. Stein moved in good society and
was reputed to be a millionaire. She
got large loans on the strength of a pre-
tended French inheritance and the pos-
session of real estate in St. Petersburg.
MONEY IN PHILADELPHIA
IS CIRCULATING FREELY
Holiday Business and Banks' Liberal
Policy Responsible for It.
Philadelphia, Dec. 18.—Currency is
moving with more freedom in this city
now than at any time since the money
stringency set in. This may be due in
part to the big holiday business in pro-
gress, which keeps money actively in cir-
culation. The liberal policy which the
local banks have pursued throughout the
trying period is also given full credit
by bankers.
Hardwick Contracts.
During the past month the Woodbury
Granite Co., Hardwick, Vt., has been
awarded a number of fine contracts,
among them being the granite work for
the U. S. Government Post-office build-
ing at Hamilton, O., and Des
Moines, Ia., and the polished granite
work for the Princess Theatre, Chicago.
All of the jobs are to be of Woodbury
granite. They have also recently
received contracts for the granite work
on the Jones & Langhin building, Pitts-
burgh, Pa., and for the People's Bank
building, Toledo, O.

ABOUT THE STATE.

SOONER IT'S AVER THE BETTER.

A WOMAN TO BE PRETTY
Must Have Luxuriant and Glossy Hair.
No Matter What Color.
The finest contour of a female face, the
sweetest smile of a female mouth, have
something if the hair is covered with
scented hair. Hair and falling hair, it is
known, is caused by a parasite that
burrows into the scalp to the root of the
hair, where it saps the vitality. This
little white scales the germ throws up
barrowing are called dandruff. To cure
dandruff permanently, then, and to stop
falling hair, that germ must be killed.
Newbro's Herpicide, an entirely new re-
sult of the chemical laboratory, destroys
the dandruff germ, and, of course, stops
the falling hair, and prevents baldness.
Sold by leading druggists. Send for
stamps for sample to The Herpicide Co.,
Detroit, Mich.
Two stamps—50 cents and \$1.00.

necessary for Colonel Goethals to spend
some time in conference with the con-

this is over he will turn himself up to

The Food For Poultry In Winter.
Much time and money have been
spent in what seems an almost vain
endeavor—to make hens produce eggs
in cold weather. It requires but little
experience with poultry to learn the
fact that, under ordinary circum-
stances, hens cannot produce as many
eggs in winter as in summer. Summer
is the natural time for the laying of
eggs, and in order to increase winter
production there must be reproduced
for the fowls as nearly as possible con-
ditions that exist in summer. Walter
B. Crawford of North Vassalboro, Me.,
has apparently tried to do this, so far
as feeding his fowls is concerned. Here
is a letter from him: "Page's Perfect-
ed Poultry Food" is better than what you
claimed it was, and I would not try to
keep hens another winter without it."

Any one sending his address on a
postal card to C. S. Page, Hyde Park,
Vt., and mentioning this paper, will re-
ceive by mail, free, postpaid, a sample
package of Page's Perfected Poultry
Food.
